

## Spring is Here to Stay

Hey everybody!  
What do you say?  
We think spring  
Is here to stay.

So many raindrops  
Falling to the ground.  
Flowers are blooming  
All over town.

Why do you think so?  
What do you see?  
New leaves are growing  
On the tree.

Kites are flying  
Up so high.  
Bees and butterflies  
Pass us by.

Birds building nests,  
Winds are blowing strong.  
Days are getting  
Oh so long!

Baby ducklings waddling  
To and fro.  
Down to the pond  
With their mommy they go.

Winter is over.  
Spring is here to stay.  
Good-bye to winter!  
Warm days are here hooray!
